

**9430 REMOTE
AREA LIGHTING
SYSTEM**

PROBLEM(S).

SOLUTION.

9430 REMOTE AREA LIGHTING SYSTEM

Simplify your work. The new 9430 Remote Area Lighting System by Pelican™ is your complete maintenance free portable lighting solution. With 20000 lumens of bright LED light and up to a 15 hour burn time per charge, you can work anywhere on or off the grid, no generator necessary. Light weight at 22 lbs., the compact 9430 is easy to move up a flight of stairs or into a confined space. At almost 3 feet in extended height with a fully articulating head, illuminating large areas is easy. A silent, rechargeable sealed lead acid battery and 50,000 hour life LEDs are energy efficient and save money.

UP TO
15 HOUR
BURN
TIME

It's loaded with features that won't weigh you down. The 9430 RALS, work light.
