

TITLE: PELICAN™ UPGRADES BIG D™ SHOULDER STRAP

PRODUCTS AFFECTED: BIG D™ 3800 (ALKALINE) / BIG D™ 3850 (RECHARGEABLE)

INTRODUCTION: Pelican™ has worked with fire/safety personnel to upgrade the shoulder strap on two of its first responder lights – Big D™ 3800 and Big D™ Rechargeable 3850.

DETAILS: As a result of field-testing with fire/safety and first responders, Pelican has reengineered the Big D™ shoulder strap to include:

- A quick-release connector for rapid escape if the strap is snagged by debris
- An extra-large clip for easy gloved-hand-use
- A widened and lengthened strap to provide extra support and fit over turnout coats
- Heavy duty end-snaps with higher heat and abuse resistance
