

TITLE: Pelican 1620 Transport Case Design Refinements

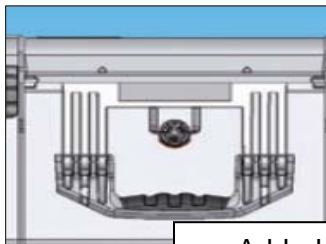

PRODUCTS AFFECTED: Pelican's 1620 Transport Case

INTRODUCTION: The 1620 Transport Case design has been modified (**Excluding models manufactured in Germany**).

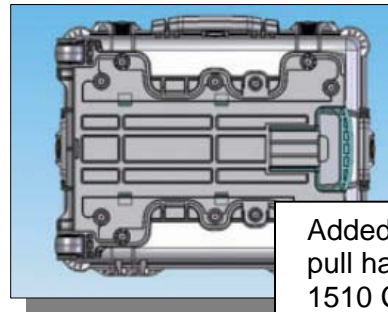

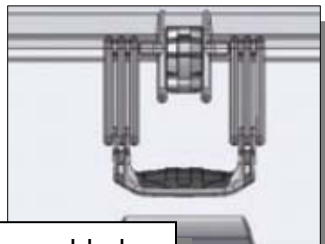

DETAILS:

Exact revised measurements can be found at www.pelicanoem.com.

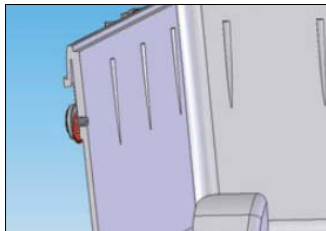

Design refinements:

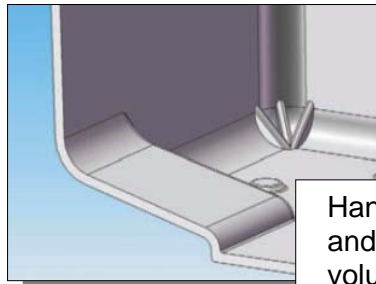

Added overmolded front and side handles

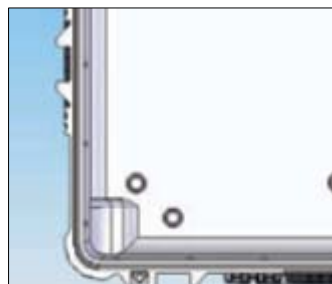

Added one-handed-action pull handle dolly (Similar to 1510 Carry On and 1560)

Inside wall thickness removed behind purge valve area to increase internal volume

Handle recess area deepened and narrowed – less internal volume

Wheel well ribs and interior flow channels removed to increase internal capacity
