

TITLE: Pelican Evolves Big D™ Fire/Safety Light with Design Refinements

PRODUCT AFFECTED: Big D™ 3850

INTRODUCTION: Pelican has added design refinements to the Big D 3850

DETAILS:

- Removed wire lens protector.
- New battery tray without wire spacer.
- New On/Off LED indicator.
- Replaced the current rechargeable Nicad battery with Nickel Metal Hydride (NiMH) to complement the current Sealed Lead Acid model.
- Nickel Metal Hydride will increase the light's runtime and is more environmentally friendly.
